PROFESSIONAL EXPERIENCE

Product Designer & Consultant (Freelance) | Aug 2021 – Present

Product Strategy: Acted as a solo PM/Designer for the **Rock Foundation Church WebApp**, translating stakeholder "ministry goals" into a technical roadmap; reduced manual content updates by 40% through a custom CMS structure.

End-to-End Design: Executed the UI/UX for **Promix Accounting Software**, focusing on simplifying complex financial data visualization for non-accountants, leading to a 25% increase in user onboarding efficiency.

Engineering Sync: Collaborated with developers using Next.js frameworks to ensure 100% design fidelity and mobile responsiveness across all viewport breakpoints.

Federal Medical Centre, Abeokuta — Mar 2021 – Present

Administrative Officer (Store & IT Support)

Managed administrative workflows and resolved technical issues.

Systems Optimization: Managed the institutional deployment of the **GIFMIS platform** operations and support: Optimized user workflows for staff members.

Supported system usage, data accuracy, and compliance.

United Bank for Africa (UBA) — Mar 2018 – Mar 2021

Customer Experience Executive → Team Lead → QA Expert & Trainer

Product Leadership: Led a high-performing CX team, using customer sentiment data to influence product updates for UBA's digital banking suite.

Process Innovation: Designed and **automated a cloud-based Quality Assurance (QA) workflow** across African markets, reducing manual audit time by 60% and improved service delivery KPIs.

Stakeholder Management: Trained 100+ staff members on new system deployments, Identify Training Needs for existing system and acting as the primary feedback loop between end-users and other stakeholders.
